CHAMBER BOARD WILL CONSIDER H. C. LIMITS

A recommendation to fix the north and south boundaries of Harbor City at 189th st. and Palos Verdes drive, respectively, was received Tuesday night by the Harbor City Chamber of Commerce and sent to its Board of Directors for consideration.

Southwestern, eastern and western limits of Harbor City would be established at Western avenue, Figueroa street and the Los Angeles City boundary, respectively, according to the recommendations of a committee composed of Mrs. Dorothy Place, Mrs. Aka Collins and C. F. King.

The committee, acting with the Chamber backing, originally sought to obtain correct boundaries for Harbor City in order to have a map circular printed.

The group received an answer from the Los Angeles City Planning Commission, Mrs. Place said, but were unable to obtain any definite limits.

Subsequently, the committee was led to understand that the Chamber might determine the limits for purposes of the map.

Mrs. Place presented the recommendations of the committee to the membership of the Chamber at last Tuesday's regular meeting, argument ensued, and over her objections the matter was sent to the Board of Directors for further thought.

It was pointed out that some of the population of the areas lying within the proposed boundaries might have some objections as to being so included.

Mrs. Place contended that Harbor City precincts extend to the north and south limits of the proposed area.

On a motion by C. L. Ellis a vote of confidence and appreciation for the services of Postmistress Alta Collins was regis-

tered by the Chamber at the meeting.

John Dell Acqua, chairman of the playgrounds committee said that a representative of the City Recreation and Parks department had promised to address the meeting of the Chamber.

C. F. King presided at the session in the absence of President Delbert Vaughn.
